#### **AUDIT REPORT**

Date: 2 April 2016

To: Alumni members and Officers

From: Internal Audit Team

Subject: Audit Report

The internal audit team has completed the audit of the Accounts and Financial Statements of The collaboration of Nigerian Schools alumni for Sports/Family Fun Day and Education purposes (NSF) for the year ended 31 December 2015.

Our audit was conducted for the purpose of determining and judging the reliability of the financial statement and the supporting accounting records of the NSF (formerly NSSFF).

Our audit included, but was not limited to, undertaking a thorough review of all the transactions and relevant documents of the association during the audited period.

Our findings and recommendations are summarised as follows:

### Summary of findings:

- As with previous years, banks statements have been reconciled on a monthly basis.
- In carrying out this audit we had free access to all the records, ie banks statements, nominal ledgers and electronic copies of receipts records.
- The accounts and records are well laid out and largely self-explanatory.
- Once again, our review indicated that the books and accounts of the NSSFF are well managed with generally good controls over its operations.

#### Summary of recommendations:

- Consider the need for the organisation to have a Finance Manual i.e. written down procedures which cover financial rules, routines and processes.
- Signing of blank checks should not be permitted.
- The organisation board should review and authorise bank accounts and the signers of checks on an annual basis.
- Consider including as part of the records, budgets and details of authorisation of all activities and expenditures.
