## Welcome Message

I am delighted to welcome you all to the 4<sup>th</sup> Edition of the Nigerian Schools Sports and Family Fun Day(NSSFF). Now in its 3<sup>rd</sup> year, we are humbled and thrilled by the phenomenal success it has achieved to date. The NSSFF concept was based on an initiative of Igbobi College Old Boys Association(ICOBA)Europe and inspired by the London 2012 Olympics. It is now an Annual Summer Event that is a firm favourite in the UK-Nigerian calendar, consistently drawing over 800 attendees of various ages and backgrounds. In short, the NSSFF is the place to be every August Bank Holiday Saturday.

It has been described as the 'largest gathering of Nigerians in the UK that is not Church or Music based'. It continues to receive rave reviews from far and wide. In fact, the 2014 edition won the 'Outstanding Event of the Year' accolade at the recent Nigerian Events Awards (NEA)UK.

The NSSFF currently has 26 UK-based Nigerian School Alumni Associations as members. Members have benefited by networking, socialising and sharing ideas on how to develop their alma maters back home. The NSSFF provides a forum to showcase the activities of members and we also support each other at School Fundraising events.

The NSSFF remains fully committed to its mission of connecting Nigerians, promoting awareness and developing communities. We are also keen to help the next generation to embrace opportunities to help towards the development of our great nation. One of our key projects toward this end is the Annual Education Seminar we hold, which is aimed at provoking dialogue and raising awareness in this crucial area of our lives. The 2<sup>nd</sup> of these Seminars was held recently at the Bromley Civic Centre with hugely positive feedback.

Today's programme is packed with many fun and exciting events with something for everyone. I can assure you that you will have a wonderful time and will be yearning for more. On behalf of the NSSFF Planning Team, I would like to thank our Special guests, Sponsors, Advertisers, Supporters, Media partners and all attendees for helping to make today a great success.

Have fun!

## NSSF School Profiles

**ABEOKUTA GRAMMAR SCHOOL (AGS)** is a secondary school located in Abeokuta, Ogun State, Nigeria. Nigeria cannot record its greatness without reference to past pupils of Abeokuta Grammar School. It has produced justices, industrialists, statesman, respected traditional rulers, educators, a women's emancipation front liner, artists, a private medical philanthropist, musicians, and renowned academics. Founded in 1908 as a boy's school by the Abeokuta District Church Council (Anglicans) with the motto "The fear of God is the beginning of wisdom", the school welcomed all with a thirst for learning, discipline, and academic excellence without regard to race, ethnicity or religion. The Founding Fathers believed strongly in training both the body and the mind. It was their view that education should equip a student to use both his brains and hands effectively, to be a credit to his home, community, country and the world. Discipline and character training were fundamental to their mission, as they believed no meaningful success could be achieved without discipline and character training.

**ANWAR-UL-ISLAM COLLEGE Lagos** (formerly Ahmadiyya College) was established in 1948 initially in Olushi Street, Lagos Island. The school relocated to its current site in Agege in the mid -1950s thanks to the hard work and dedication by the founding fathers including Alhaji Jubril Martin. It was the first government approved Muslim secondary school and whilst most of the students are Muslims the school has a very proud record of Christian students. The college promotes religious tolerance and also excels in education and sports. We live and champion the motto of the school "either the best or nothing"! Hence the school is blessed with prominent old students "Oga at the top" in high profile roles both in the private and public sectors in Nigeria and elsewhere in the world including a current Minister of State. ACAOSA UK will be celebrating its silver anniversary soon!

**BAPTIST ACADEMY LAGOS** was founded in 1855 and is arguably the first school established in Nigeria; its origin is traceable to African American Reverend Joseph M. Harden. The present site was first-rate legacy of the University of Lagos, inclusive of a standard football field and a sports field complete with a six-lane athletics track. The school, recently the country's representative at a science Olympiad in South Africa and Cowbell's Mathematics Championship winner for secondary schools in Lagos state, is continually being blessed with a growing number of brilliant students and dedicated teaching staff of sound intellect, all making their marks everywhere. BAOSA is the UK Alumni Association of the school.

# TOBI ADEYEMI FOUNDATION

## OUR HISTORY

Tobi Adeyemi Foundation was established in 2011, following the sudden and unexpected death of Oluwatobi Adeyemi on the 5th of March 2011.

Oluwatobi Olatunbosun Adeyemi was born on the 10th of August 1994. The only child of his parents, he grew up in Surrey. He attended Collingwood School in Wallington, Surrey and Whitgift School for boys, South Croydon. He excelled academically and learnt how to play a variety of musical instruments including the drums and cello. He became an accomplished musician who participated in several school concerts at venues such as Fairfield Hall, Croydon & Royal Albert Hall, London. Tobi was also versatile sportsman, enjoying success in various sports such as athletics, rugby, and basketball. He developed a passion for basketball at age 12 and did everything to improve his skills to get into Whitgift School basketball team, wearing the No 5 shirt. He was also an avid Manchester United fan.

Tobi was generous with his time, treasure and talents. He mentored younger pupils and encouraged his friends to fulfil their potential. He was a committed Christian and a youth leader. A member of the St. John's Ambulance Association, he learnt basic first aid and other survival techniques and skills, which he believed would be useful in the community. He was studying Mathematics, Further Mathematics, Chemistry and Biology for his A levels in his last year of life. He hoped to study Mathematics and become an Investment Banker in the City. He had aspired to set up a foundation to offer education bursaries and scholarships to disadvantaged children and young people. On Saturday, the 5th of March 2011, Tobi died from Sudden Cardiac Death.

The Tobi Adeyemi Foundation was inspired by Tobi's dream – his dream to make a difference to humanity; to enable, inspire and encourage other young people. The Foundation is about releasing excellence, about helping talented children and young people realise their potential. The Foundation is already doing this, the first Tobi scholars have recently completed their A Level studies and are on course to take their university places in 2015.

### ATTEND AN EVENT

We organize two major events each year – a golf event in May and our signature dinner lecture in October.

This year, the lecture will be given by Karen Blackett OBE on Saturday 17 October 2015. Karen is the Chief Executive of MediaCom, the UK's favourite media agency and, earlier this year, she topped the UK Black Powerlist, ahead of some top names. She continues a great tradition for the Tobi Adeyemi Foundation's annual dinner lecture in that she joins an exclusive list of eminent, distinguished and inspiring people who have graced our lectern. The inaugural lecture was given by Lord Victor Adebowale CBE in 2013 and our second lecture was given by Ken Olisa OBE last year.

The gala evening will be just as spectacular as in previous years. We will kick off with a drinks reception at 7pm and follow that with a sumptuous four course dinner and the lecture, after which there will be time for Q&A, discussion and networking. Please join us for our next event, the Tobi Adeyemi Foundation's 3rd Annual Dinner Lecture. **Just write to us at [info@tobiadeyemifoundation.org](mailto:info@tobiadeyemifoundation.org) to let us know.**

### ORGANISE

You can set up your own event or fundraiser on JustGiving for the Tobi Adeyemi Foundation, again by visiting: [www.justgiving.com/tobiadeyemifoundation](http://www.justgiving.com/tobiadeyemifoundation).

## The Britain-Nigeria Educational Trust

Promoting friendship & understanding through financial support for Nigerian education

The broad aim of the Britain-Nigeria Educational Trust is to promote friendship and understanding between the UK and Nigeria by providing financial support that directly contributes to the progress and advancement of education in Nigeria. It is a non-political and non-sectarian membership charity managed by a Board of Trustees who meet at least three times a year. The Board's policy on grants is to select projects that will contribute positively to the improvement of education, especially in areas where others are slow to help.

Teacher training is a key priority with support given to the placement of VSO volunteers in this role as well as assisting deserving teachers to raise their skills through the Trust's Tafawa Balewa Teacher Award scheme and the Distant Learning Programme run by the National Teachers Institute, Kaduna.

Current major educational projects include the building of a new secondary school for girls in Umutu, the construction and furnishing of a new 2 storey 6-classroom block and a student hostel complex for Edo College and a new classroom and laboratory block for King's College, Lagos. Grants for books, equipment and teaching facilities are regularly given to other schools and colleges.

As part of the Trust's strategy to make a noticeable impact on education a five-year Fellowship Plan has been awarded to Ibadan University to assist its planned programme of development as an international centre for postgraduate training and research. The Fellowship funds the placement of a senior academic to work with the university in all aspects of teaching, supervision, mentoring and research.

A valuable and regular income is derived through the annual subscription of its members. Additional funding is generated from investments, corporate sponsorships, voluntary donations, legacies and the sale of its annual Christmas card and other merchandise.

The Trust is dependent on financial support from individuals, institutions and companies who share our charitable purpose. For information about how to help and the benefits of membership, which include a newsletter, a quarterly *Nigeria Digest* with news on current affairs in Nigeria and various social fund-raising functions, contact the BNET Secretariat at *Europoint House, 5 Lavington Street, London SE1 0NZ*
